Placement Cell - Action Plan

2025-2026

Objectives

1. Provide career guidance and support to students.
2. Enhance employability skills and placement opportunities.
3. Foster industry-academia connections.

Activities

1. Career counselling sessions and workshops.
2. Resume building and interview preparation training.
3. Industry visits and guest lectures.
4. Job fairs and placement drives.
5. Alumni networking and mentorship programs.

Strategies

1. Identify student interests and skills.
2. Develop industry partnerships and collaborations.
3. Organize career development programs.
4. Provide one-on-one counselling and support.

Outcomes

1. Increased student placements and job opportunities.
2. Improved employability skills and confidence.
3. Stronger industry connections and networking.

Placement Coordinators

Dr S Lincy Mary Ponmani, Asst. Prof. of Physics

Dr J Beryl Sheela, Asst. Prof. of English

Dr N Subathra, Asst. Prof. of Computer Science

The Placement Cell plays a vital role in connecting students with prospective employers. Its key responsibility is to serve as a link between academic institutions and the corporate sector by building relationships with organizations, arranging campus recruitment programs, and managing placement-related activities. Through these efforts, the Placement Cell helps students successfully transition from academic learning to professional employment, thereby strengthening the connection between education and industry.

Objectives

- **Provide Career Guidance:** Offer career counseling and guidance to help students choose suitable career paths and higher education opportunities.
- **Enhance Employability:** Improve students' technical, communication, and interview skills to increase their employability and placement prospects.
- **Strengthen Industry–Academia Collaboration:** Build strong partnerships with industries through guest lectures, internships, industrial visits, and campus recruitment activities.

Career Guidance

The Placement Cell provides career guidance through counseling, resume preparation, interview training, and skill development programs to improve students' employability.

Skill Enhancement Programs

The Placement Cell organizes workshops, seminars, and expert sessions in collaboration with industry professionals to equip students with current industry-relevant skills.

Benefits for Students

- Access to a wide range of Career and Placement opportunities.
- Career guidance and support during the recruitment process.
- Practical exposure through internships and industry interactions.
- Networking opportunities with industry experts and alumni.
- Improved employability through skill development initiatives.

Invitation

This program is scheduled by the Placement Cell to give a brief introduction about the recruitment opportunity to our freshers during the induction program on the topic Architecting Your Future: A Holistic Approach to Training and Placement at Centenary Auditorium on the college campus.

The program began with the college anthem followed by Tamilthai Valthu. Placement coordinator Dr. Beryl Sheela, Assistant Professor of English, gave the welcome address. Dr. Shanthi Bai, Dean of Arts & Asst. Prof. of Tamil, and Dr. Pushpalatha, Assistant Professor of Physics and Vice President of the Student Association, graced the occasion with their presence.

Dr. Lincy Mary, Assistant Professor of Physics, conducted the icebreaking session. The resource person of the day, Dr. Yunush Ahmed, placement coordinator of Sadakathullah Appa College & Asst. Professor of English, inspired and motivated the students to develop their skills and insisted on the importance of how they should equip themselves in the current job market. He emphasized the importance of improving their communication skills along with their education.

During the feedback session, students asked few questions and cleared their doubts with the speaker. Dr. N Subathra, Assistant Professor of Computer Science, proposed the vote of thanks, which was followed by the national anthem. This program will definitely be an eye-opener for the students regarding government exams and job opportunities in and outside the country.

Invitation

The Placement Training Programme commenced with the College Prayer Song and "Tamilthai Vazhthu," rendered by Dr. Subathra and Dr. Julie Ruth. Following the invocation, Dr. Beryl, Placement Coordinator, welcomed the gathering and introduced the resource person, Mr. Karthik, Technical Consultant from iTech Academy, Tirunelveli. She then handed over the session to him.

Mr. Karthik initiated the session with an interactive discussion, engaging students by asking about their plans after completing their studies. As a gesture of encouragement, he offered chocolates to students who responded. He highlighted that after graduation, individuals often choose one of the following paths: employment, entrepreneurship, or marriage. Emphasizing the importance of working, Mr. Karthik stated that employment should be pursued not merely for monetary gain, but for self-respect and personal growth. He underscored the essential qualities required to secure a job is effective communication skills and a strong sense of commitment. He also advised students to be observant and adaptive to their surroundings in order to thrive in the professional world.

A key highlight of the session was the identification and short listing of 25 students who showed promise. These students were offered personalized career guidance to help them secure better job opportunities in the future. Mr. Karthik also spoke about the importance of maintaining a balance among the three aspects of life: public life, family life, and personal life. To further enrich the training, he conducted basic psychology and IQ tests, which actively involved each student and kept them engaged throughout the session.

Towards the end of the session, Dr. Beryl addressed the students and gathered feedback on the programme. Two students shared their positive reflections on the session, appreciating its usefulness and engaging nature. The event concluded with a heartfelt vote of thanks delivered by Dr. Julie Ruth, bringing the successful training session to a close.

Invitation

A special placement program was organized by the placement cell of our college on 13 September 2025 at Old Auditorium on Job Opportunities & Career Growth in Medical Coding. The program began with a prayer song followed by Tamil Thai Vazlthu. Dr Lincy Mary, Assistant Professor of Physics, welcomed the gathering and introduced the speaker to the students. Totally 197 students from Science departments got benefitted by this program..

This program was scheduled for science UG & PG students as it deals with medical coding. Ms. S Hannah, Training and Business Development Head Horizon Coding Solutions, Manur, Tirunelveli was the speaker of the day.

She made a vivid presentation on medical insurance and medical code. Her intense insight about medical coding brought awareness among the students.

Dr Subathra Assistant Professor of Computer Science proposed the vote of thanks.

Invitation

Mr . Lingam , TNPSC, Team Expert ,VARANDA RACE ACADEMY , Tirunelveli was the resource person. Dr . Beryl Sheela, Assistant Professor of English, introduced the speaker to the students.

He emphasized the importance of jobs in the government sector, and he motivated them with the examples of achieved people who cleared and succeeded in the competitive exams.

Also, he insisted that students should read newspapers to update them with national and international affairs, which will serve as a ladder to go greater heights. This session gave a widened idea about government sector jobs and various exams like TNPSC, Railway, Bank Sector, UPSC, SSC and so on.

Dr Lincy Mary Assistant Professor of Physics proposed the vote of thanks.

A few questions were raised by the students to the resource person and cleared their doubts.

ICT ACADEMY - IBM COURSE ON DATA ANALYTICS USING PYTHON

The ICT Academy – IBM Course on Data Analytics Using Python was conducted from 03 December 2025 to 06 December 2025 to equip students with essential Python programming and data analytics skills. The four-day training programme combined theoretical concepts with practical sessions, enabling students to gain hands-on experience in Python programming, data analysis, and visualization. The programme was delivered by Mrs. Varalakshmi, whose interactive teaching methodology and practical demonstrations helped students understand the concepts effectively.

The programme commenced on 03 December 2025 with an inaugural function held in the Seminar Hall. The event was graced by the Principal, Dr. Felicia Gladys Sathiadevi, the Vice Principal, Placement Officers, ICT Academy trainers, and faculty members. The Principal encouraged students to make the best use of the training to strengthen their technical competencies and improve their career prospects. Dr. Jai Ruby, ICT In-charge and Associate Professor, Department of Computer Applications, introduced the objectives of the programme and emphasized the growing importance of data analytics and Python in the current technology-driven world. The inaugural session motivated students to actively participate throughout the training.

The technical sessions began with an introduction to Python programming. Students learned the fundamentals of Python, including identifiers, variables, variable naming conventions, data types, operators, input and output statements, conditional statements, loops, and list operations. The trainer explained each concept through simple examples and live demonstrations, enabling participants to

understand program execution and coding practices. Interactive discussions and hands-on exercises further strengthened the students' understanding of Python basics.

On the second day, the training focused on Python data structures such as lists, tuples, sets, and dictionaries. Students learned how to create, access, and manipulate these data structures and understood their practical applications in programming and data analytics. The session included several hands-on exercises where participants practiced writing Python programs using these data structures. The practical approach enhanced their confidence in solving real-world programming problems.

The third day introduced the fundamentals of Data Analytics and its significance in decision-making. Students learned about the four major types of analytics—Descriptive, Diagnostic, Predictive, and Prescriptive Analytics—with practical examples from industry. The trainer also introduced important Python libraries used in data analytics, including NumPy, Pandas, Matplotlib, and Seaborn. Special emphasis was given to NumPy arrays and their attributes such as shape, ndim, dtype, and size, which are essential for efficient numerical computation. The afternoon session covered file handling in Python, where students learned different file modes, file operations, and techniques for reading and writing data.

The final day concentrated on data cleaning, data manipulation, and data visualization using Python. Students learned how to clean datasets by handling missing values, removing duplicate records, and converting data types using the Pandas library. Various data manipulation techniques such as loc, iloc, sort_values(), groupby(), merge(), concat(), and pivot_table() were demonstrated with practical

examples. The trainer also explained data visualization using Matplotlib and Seaborn, covering different chart types including line charts, scatter plots, bar charts, histograms, pie charts, box plots,

violin plots, joint plots, and other statistical visualizations. The programme concluded with a Final Assessment Test, conducted on the entire syllabus covered during the four days, enabling students to evaluate their understanding and reinforce the concepts learned.

Overall, the ICT Academy – IBM Course on Data Analytics Using Python was highly informative, practical, and career-oriented. The training enhanced students' programming knowledge, analytical thinking, and problem-solving abilities while providing valuable exposure to modern data analytics tools and techniques. The programme significantly improved participants' technical competencies and prepared them for future academic, research, and industry opportunities in the field of data analytics.

BFSI COURSE

The BFSI (Banking, Financial Services, and Insurance) Banking Course was conducted from 10 December 2025 to 18 December 2025 with the objective of providing students with comprehensive knowledge of the banking, financial services, and insurance sectors while enhancing their employability and professional skills. The programme commenced with an inaugural session at Manonmaniam Sundaranar University (MS University) and the remaining training sessions were conducted at Sadakathullah Appa College, Tirunelveli. The training was organized with the support of industry experts and academic institutions to prepare students for careers in the BFSI sector.

The inaugural programme was held on 10 December 2025 and began with Tamil Thai Valthu. More than 2,000 students participated in the selection process, of which 40 students from our college were selected for this prestigious programme. The event was graced by distinguished dignitaries, including Mr. Salee S. Nair, CEO of Tamil Nadu Mercantile Bank, Prof. Dr. N. Chandrasekar, Vice-Chancellor of MS University, Mr. Balaji Iyer, Impact Pro Manager, and Mrs. Vaishnavi, along with several academic and industry representatives. Their inspiring speeches highlighted the growing opportunities in the BFSI sector and motivated students to develop the knowledge and skills required for successful careers. Cultural performances, including dance and mime, conveyed awareness on social responsibility, environmental protection, and responsible use of social media, making the inaugural function both informative and engaging.

The classroom sessions began on 11 December 2025 under the guidance of Mr. Balaji, the programme trainer. The initial sessions focused on the history and evolution of banking, types of banks, banking reforms, the role of the Reserve Bank of India (RBI), central banking, and nationalized banks. These sessions provided students with a strong understanding of the Indian banking system.

The trainer adopted an interactive teaching methodology by conducting quizzes, analytical thinking exercises, critical thinking activities, and self-introduction sessions that improved students' communication skills, confidence, and stage presence. Students were divided into teams, encouraging healthy competition, teamwork, and active participation throughout the programme.

As the training progressed, students gained detailed knowledge about banking operations, including the functions of banks, payment systems, money transfer services, debit and credit cards, and customer banking services. Interactive learning activities such as riddles, tongue twisters, jumbled words, and team presentations enhanced logical thinking, problem-solving ability, communication skills, leadership qualities, and teamwork.

These activity-based sessions created an enjoyable learning environment while reinforcing theoretical concepts.

The programme also covered several advanced banking and financial topics. Students learned about Non-Performing Assets (NPA), the SARFAESI Act, CIBIL scores, investment products, and government bonds. The trainer explained the causes and impact of NPAs, measures adopted for recovery, and the importance of creditworthiness in banking. Practical examples helped students understand the challenges faced by financial institutions and the strategies used to maintain financial stability.

A dedicated session on the Insurance Sector introduced students to the principles of insurance, risk management, underwriting, health insurance, life insurance, and non-life insurance. The trainer also discussed the growing role of Artificial Intelligence (AI) in banking and insurance, explaining its

applications in fraud detection, claim processing, customer service, and risk assessment. Students developed a broader understanding of how technology is transforming the BFSI industry.

Further sessions focused on Cheque Truncation System (CTS), digital banking, customer relationship management, deposits, loans, and modern banking technologies. The trainer also provided valuable career guidance by explaining various job opportunities in public and private sector banks, eligibility criteria, competitive examinations, and the essential technical and communication skills expected by employers.

Towards the end of the programme, special emphasis was given to employability skills. Students received training on professional resume writing, interview preparation, communication skills, body language, and workplace etiquette. Mock discussions and interactive exercises enabled students to improve their confidence and prepare effectively for recruitment processes in the BFSI sector.

The final day of the programme was dedicated to revision and assessment. All major concepts covered during the training were thoroughly revised, followed by a comprehensive examination to evaluate the knowledge gained by participants. The programme concluded with a group photograph, marking the successful completion of the training and celebrating the learning experience shared by students and trainers.

Overall, the BFSI Banking Course proved to be highly informative, interactive, and career-oriented. The programme successfully strengthened students' understanding of banking, financial services, insurance, and emerging technologies while simultaneously developing essential soft skills such as communication, teamwork, leadership, analytical thinking, and interview readiness. The training significantly enhanced participants' confidence, employability, and preparedness for careers in the BFSI industry, making it a valuable learning experience for all students.

LIFE SKILLS WORKSHOP

The Placement Cell, in collaboration with St. Xavier's College and the TATA Power Community Development Trust (TPCDT), organized a Three-Day Life Skills Workshop from 10 February 2026 to 12 February 2026. The programme was designed to enhance students' personal, interpersonal, and professional competencies by focusing on essential life skills required for academic success, career development, and overall well-being.

The programme commenced with an Inaugural Function held at 10.00 a.m. in the Sarah E-Learning Centre. The event began with a prayer song by the college choir, creating a pleasant and positive atmosphere. Dr. Lincy, Assistant Professor of Physics and Placement Coordinator, welcomed the gathering and highlighted the importance of life skills in preparing students for future challenges. Dr. Felicia Gladys Sathiadevi, Principal In-charge, delivered an inspiring address emphasizing women empowerment, women's welfare, and the need for students to develop confidence, leadership, and employability skills. Ms. Muthu, Assistant Professor, Department of Social Work, St. Xavier's College, introduced the objectives and schedule of the three-day workshop, explaining how the sessions would contribute to students' personality development and career readiness. The inaugural programme concluded with a vote of thanks proposed by Dr. Beryl Sheela, Assistant Professor of English.

resource persons explained the importance of understanding oneself as the foundation for personal and professional growth. The session on positive thinking highlighted the value of maintaining an optimistic attitude during difficult situations and demonstrated how positive thoughts influence behaviour, relationships, and success.

The first day of the workshop focused on Self-Awareness, Positive Thinking, and Empathy. The session on self-awareness encouraged students to recognize their strengths, weaknesses, emotions, values, and behavioural patterns, enabling them to make informed decisions and improve self-confidence. The

In the afternoon, the topic of empathy helped students appreciate the importance of understanding and respecting the feelings and perspectives of others. Through practical examples, discussions, and interactive games, participants learned how empathy improves communication, teamwork, and interpersonal relationships. The activities conducted throughout the day made learning enjoyable and encouraged active participation.

The second day concentrated on Communication, Critical and Creative Thinking, and Mindfulness. Students learned about the communication process, verbal and non-verbal communication, barriers to effective communication, and strategies for improving communication skills. Practical activities allowed participants to apply these concepts in real-life situations, enhancing their confidence and presentation abilities.

The session on critical and creative thinking explained the differences between analytical thinking and innovative thinking while emphasizing their importance in problem-solving and decision-making. Students participated in activities that stimulated logical reasoning, creativity, and teamwork. The mindfulness session introduced techniques for staying present, managing thoughts effectively, and improving

concentration. The resource persons explained how mindfulness contributes to emotional well-being, stress reduction, and improved academic performance. Interactive exercises enabled students to experience mindfulness practices and understand their benefits in daily life.

The third day focused on Emotional Intelligence, Mindfulness, Ethics, and Stress Management. Students gained valuable insights into emotional intelligence by learning how to recognize, understand, and manage emotions while developing empathy, self-regulation, motivation, and social skills. The mindfulness session reinforced the importance of remaining mentally present and emotionally balanced in both personal and professional environments. The session on ethics emphasized moral values, honesty, integrity, responsibility, and ethical decision-making, highlighting their significance in building a successful career and responsible citizenship. Stress management techniques were also discussed, enabling students to identify stressors, adopt healthy coping strategies, and maintain emotional resilience during challenging situations. Various team-building activities, interactive games, and practical exercises reinforced the concepts taught throughout the day and encouraged active learning, collaboration, and confidence building.

Throughout the three-day workshop, the resource persons adopted an interactive and learner-centred approach by combining lectures, discussions, practical activities, games, and real-life examples. This methodology created an engaging learning environment that motivated students to participate enthusiastically and apply the concepts to everyday situations.

Overall, the Three-Day Life Skills Workshop proved to be highly informative, interactive, and transformative. The programme significantly enhanced students' self-awareness, communication abilities, emotional intelligence, critical thinking, ethical values, mindfulness, stress management, and interpersonal skills. It also strengthened their confidence, teamwork, leadership qualities, and employability, preparing them to face academic, professional, and personal challenges effectively. The collaborative efforts of the Placement Cell, St. Xavier's College, and the TATA Power Community Development Trust made the workshop a meaningful and enriching learning experience for all the participants.

Action Taken Report

2025–2026

Based on the Placement Cell Action Plan for the academic year 2025–2026, the following activities were successfully implemented to achieve the stated objectives.

Conducted career guidance sessions for final-year Undergraduate and Postgraduate students. Organized orientation programmes on higher education, competitive examinations, and career opportunities. Offered individual career counselling sessions to help students identify suitable career paths.

Conducted workshops on resume writing, interview techniques, aptitude training, and communication skills. Organized soft skills and personality development programmes to improve students' employability. Arranged mock interviews and group discussion sessions with industry experts.

Invited industry professionals to deliver guest lectures on current employment trends and industry expectations. Organized industrial visits to provide students with practical exposure. Established collaborations with reputed training organizations and companies for placement support.

Activities Conducted

1. Placement Orientation Programme (26.06.2025)

Students gained awareness of the placement process and enrolled for placement training activities.

2. Awareness Programme – Arts & Science Students (16.07.2025)

Students were motivated to enhance their employability skills and explore higher education and career opportunities.

3. Career Guidance Programme (25.08.2025)

Students received guidance on career planning, higher studies, and industry expectations to make informed career decisions.

4. Career Guidance – Job Opportunities & Career Growth in Medical Coding (13.09.2025)

Students were introduced to career prospects in medical coding and encouraged to pursue certification and employment opportunities.

5. Placement Training on TNPSC Exam Preparation by Veranda Race (13.09.2025)

Students improved their competitive examination preparation through structured guidance on the TNPSC syllabus and examination strategies.

6. ICT Academy – IBM Course on Data Analytics Using Python (03.12.2025)

Students enhanced their programming and data analytics skills through industry-oriented technical training.

7. **BFSI Course – CS & BCA Students (10.12.2025)**
Students acquired foundational knowledge of the Banking, Financial Services, and Insurance sector, improving their job readiness.
8. **Career Counselling Workshop – "Mastering Your First Interview – Crack It on Your First Try" (31.01.2026)**
Students strengthened their interview, communication, and resume-building skills, increasing their confidence for placements.
9. **Life Skills Workshop in collaboration with St. Xavier's College and TATA Power Community Development Trust (10.02.2026)**
Students developed essential life skills, leadership qualities, teamwork, and professional ethics for personal and career growth.
10. **Revantha Services Private Limited Job Fair**
721 students were successfully placed through the campus recruitment drive, enhancing their employment opportunities.
11. **Tamil Nadu Model School (TNMS) Job Fair**
Two students secured employment through the TNMS Job Fair with an attractive salary package.
12. **SPIC Job Fair**
One student was successfully placed in SPIC through the campus recruitment process.
13. **TCS – St. Xavier's College Recruitment Drive**
Thirty-seven students were selected through the TCS placement drive, improving campus placement outcomes.
14. **TP Solar Job Fair**
Forty-three students received placement opportunities through the TP Solar Job Fair.
15. **WICE Job Fair**
Nine students secured employment through the WICE Job Fair, strengthening industry-academia linkage.
16. **Britannia Company Job Fair**
One hundred and fifty-four students were placed in Britannia Company, significantly contributing to the institution's placement success.

Placement Coordinators

Dr S Lincy Mary Ponmani, Asst. Prof. of Physics

Dr J Beryl Sheela, Asst. Prof. of English

Dr N Subathra, Asst. Prof. of Computer Science

Principal i/c
